SUMMARY

Full-Stack Web Developer with comprehensive expertise in creating and maintaining web applications, and a passion for test-driven development. Experienced in both collaborative environments and detail-oriented, independent work, consistently ensuring reliable and timely delivery.

WEB DEVELOPMENT PROJECTS

Cloud Computing | Oct - Dec 2024

Architected and deployed a scalable, high-availability three-tier application in an AWS VPC.

- Technologies: AWS EC2, Load Balancer, S3
- Enabled dynamic scaling with Application Load Balancers and automated instance provisioning.
- Optimized static asset delivery using S3.

Front-End Development | Sep 2024

Designed a responsive portfolio website to showcase skills and projects.

- Technologies: Next.js, Tailwind CSS
- Achieved performance optimization and cross-device/browser responsiveness.

Full-Stack Development | May - Jun 2024

Built a user-friendly movie app with a RESTful API back-end.

- Technologies: React, Node.js, Express, MongoDB, Bootstrap
- Delivered a responsive UI and seamless user authentication.
- Integrated MongoDB Atlas for efficient data storage and retrieval.

WORK EXPERIENCE

Studio Manager and Executive | May 2017 - Nov 2023

Hep Cat Club GmbH, Augsburg

- **Launched an innovative online platform** for video services and virtual classes, retaining customers and bypassing traditional revenue streams during shutdowns.
- **Led a volunteer-driven communication campaign** to engage customers, ensuring membership retention and fostering loyalty despite the absence of in-person services.
- **Preserved the paying customer base** through strategic digital content and community engagement, enabling a strong post-restriction recovery.
- **Developed a comprehensive West Coast Swing curriculum**, transforming a niche dance into a broader, more appealing offering for diverse audiences.
- **Established the studio as a leading West Coast Swing school in Germany**, driving customer interest and expanding market share in a competitive industry.
